- 1) Jason buys dozen hats. How much money does he pay?
- 2) Barbie has \$ 208 in her wallet. How many bracelets does she buy with that money?
- 3) Olivia bought 6 pants and Karol 2 ties. Who spent more money?
- 4) Karol family spends \$ 306 on buying shirts. Each member is allowed to take only one shirt. How many members are there in Karol family?
- 5) Agustin announces 'buy 3 get 1 offer' on T-shirts. If Gale spends \$ 69 on buying T-shirts, how many T-shirts will he get?
- 6) Macy bought eight pairs of shoes and two vests. If she pays 180 dollars, how much change will she get?

\$64.44
