- 1) Alice buys dozen bananas. How much money does she pay?
- 2) Mary has \$ 26 in her wallet. How many cones does she buy with that money?
- 3) Anne bought 4 apples and Karol 3 pumpkins. Who spent more money?
- 4) Barbara family spends \$ 77 on buying cakes. Each member is allowed to take only one cake. How many members are there in Barbara family?
- 5) Macy announces 'buy 2 get 1 offer' on watermelons. If Polly spends \$10 on buying watermelons, how many watermelons will she get?
- 6) Karol bought nine corns and five milk packets. If she pays the money with a 60 dollar bill, how much change will she get?
