Mr. Benn counted how many of each type of fruits that grow in the garden. Make the tally marks and write the number and draw the bar graph to answer the questions.

| Types of fruits | Tally marks | Numbers |
| :---: | :---: | :---: |
| watermelon | HH HT II | 12 |
|  | orange |  |
|  | pineapple |  |
|  | grapes |  |
|  |  |  |
| strawberry |  |  |

48 fruits are there in the garden. If 12 fruits are spoiled, how many fruits are left in the garden?
2) If a garden has 48 fruits. How many fruits do two gardens have?
3) If 16 more fruits are there in the garden, what will be the total number of fruits?
4) If Mr. Benn found 8 more strawberries then what will be the total count of strawberries?
5)

Mr. Benn gave 14 oranges, if he gives you 4 more, but your friend eats one of them, how many oranges do you have left?
