

Surface Area of a Rectangular Prism

Name: _____

Date: _____

Find the length, width and height of the rectangular prism. Then find the surface area.

1)

L = _____

B = _____

H = _____

A = _____

2)

L = _____

B = _____

H = _____

A = _____

3)

L = _____

B = _____

H = _____

A = _____

4)

L = _____

B = _____

H = _____

A = _____

5)

L = _____

B = _____

H = _____

A = _____

6)

L = _____

B = _____

H = _____

A = _____

7)

L = _____

B = _____

H = _____

A = _____

8)

L = _____

B = _____

H = _____

A = _____

Surface Area of a Rectangular Prism

Name: _____

Date: _____

Find the length, width and height of the rectangular prism. Then find the surface area.

1)

L = 2

B = 3

H = 2

A = 32

2)

L = 1

B = 3

H = 2

A = 22

3)

L = 3

B = 2

H = 3

A = 42

4)

L = 2

B = 6

H = 4

A = 88

5)

L = 3

B = 4

H = 4

A = 80

6)

L = 3

B = 2

H = 4

A = 52

7)

L = 3

B = 2

H = 2

A = 32

8)

L = 2

B = 4

H = 2

A = 40

9)

L = 1

B = 2

H = 4

A = 28
