

Probability

Name: _____

Date: _____

The bakery items pictured below are cake and chocolate. They are placed in a bag and one is drawn at random.

1) How many total bakery items are in the bag?

2) What is the probability of drawing cakes from the bag?

3) What is the probability of drawing chocolates from the bag?

4) Which bakery item is most likely to be drawn from the bag?

5) If three more cakes were added to the bag, what would be the probability of drawing a cake from the bag?

6) Which bakery item is least likely to be drawn from the bag?

Probability

Name: _____

Date: _____
