

Probability

Name: _____

Date: _____

The flowers pictured below are rose, hibiscus and daisy. They are placed in a bag and one is drawn at random.

- 1) If six more daisy flowers were added to the bag, what would be the probability of drawing a daisy flower from the bag?

- 2) Which flower is most likely to be drawn from the bag?

- 3) Which flower is least likely to be drawn from the bag?

- 4) What is the probability of drawing rose flower from the bag?

- 5) How many total flowers are in the bag?

- 6) What is the probability of drawing hibiscus from the bag?

Probability

Name: _____

Date: _____

The flowers pictured below are rose, hibiscus and daisy. They are placed in a bag and one is drawn at random.

- 1) If six more daisy flowers were added to the bag, what would be the probability of drawing a daisy flower from the bag?

7 out of 14

- 2) Which flower is most likely to be drawn from the bag?

Rose

- 3) Which flower is least likely to be drawn from the bag?

Daisy

- 4) What is the probability of drawing rose flower from the bag?

4 out of 8

- 5) How many total flowers are in the bag?

8

- 6) What is the probability of drawing hibiscus from the bag?

3 out of 8
