

Probability

Name: _____

Date: _____

The fruits pictured below are strawberry, pear and apple. They are placed in a bag and one is drawn at random.

1) Which fruit is least likely to be drawn from the bag?

2) Which fruit is most likely to be drawn from the bag?

3) What is the probability of drawing apple from the bag?

4) If three more pears were added to the bag, what would be the probability of drawing a pear from the bag?

5) How many total fruits are in the bag?

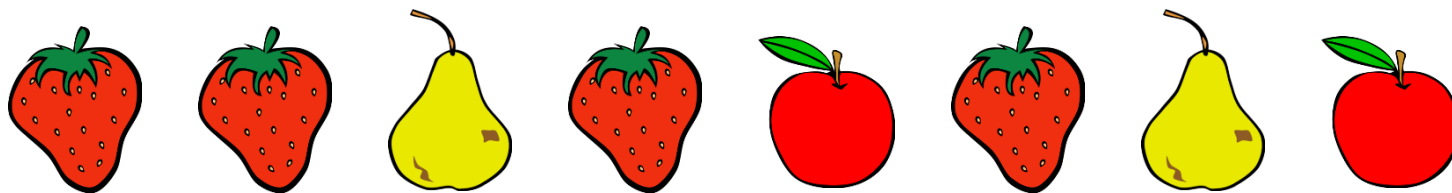

6) What is the probability of drawing strawberry from the bag?

Probability

Name: _____

Date: _____

The fruits pictured below are strawberry, pear and apple. They are placed in a bag and one is drawn at random.

- 1) Which fruit is least likely to be drawn from the bag?

Apple and Pear

- 2) Which fruit is most likely to be drawn from the bag?

Strawberry

- 3) What is the probability of drawing apple from the bag?

2 out of 8

- 4) If three more pears were added to the bag, what would be the probability of drawing a pear from the bag?

5 out of 11

- 5) How many total fruits are in the bag?

8

- 6) What is the probability of drawing strawberry from the bag?

4 out of 8
