The fruits pictured below are pineapple, pear, grapes, kiwi and apple. They are placed in a bag and one is drawn at random.

- 1) What is the probability of drawing apple from the bag?

1 out of 8

- 2) If three more pears were added to the bag, what would be the probability of drawing a pear from the bag?

4 out of 11

- 3) Which fruit is least likely to be drawn from the bag?

Apple, Pear and kiwi

- 4) Which fruit is most likely to be drawn from the bag?

Pineapple

- 5) What is the probability of drawing grapes from the bag?

2 out of 8

- 6) How many total fruits are in the bag?

8
