

Probability

Name: _____

Date: _____

Oliver had the letters tiles pictured below. They are placed in a box and one is drawn at random. Each time Oliver draws one, he writes down the letter and places it back in the box.

- 1) What is the probability that Oliver will draw a consonant from the bag?

- 2) What is the probability that Oliver will draw the letter Q from the bag?

- 3) What is the probability of Oliver drawing one of the letters found in the word QUAIL?

- 4) What is the probability of Oliver drawing a letter that **is not** found in the word EIGHT?

- 5) What is the probability that Oliver will draw the letter G from the bag?

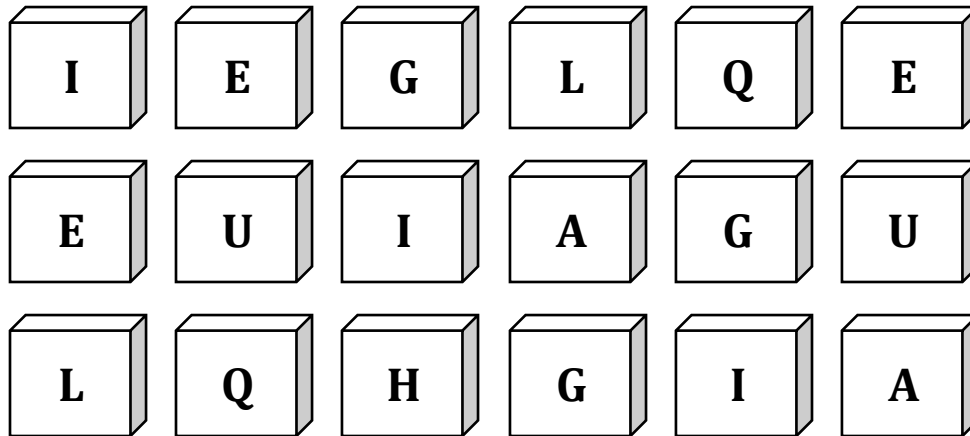

- 6) What is the probability that Oliver will draw the letter L from the bag?

Probability
