

Probability

Name: _____

Date: _____

Austin had the letters tiles pictured below. They are placed in a box and one is drawn at random. Each time Austin draws one, he writes down the letter and places it back in the box.

- 1) What is the probability of Austin drawing one of the letters found in the word ROSE?

- 2) What is the probability that Austin will draw a vowel from the bag?

- 3) What is the probability of Austin drawing one of the letters found in the word FROG?

- 4) What is the probability that Austin will draw a consonant from the bag?

- 5) What is the probability that Austin will draw the letter R from the bag?

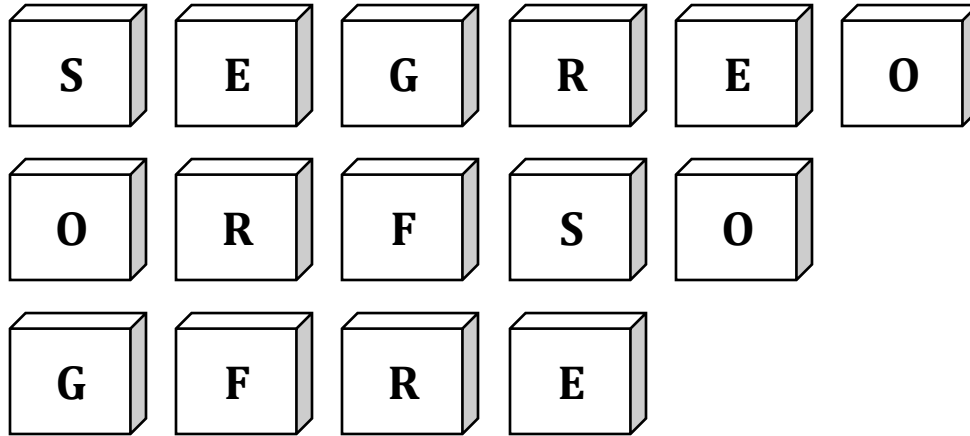

- 6) What is the probability that Austin will draw the letter E from the bag?

Probability
